

Since 1985 **Euroceppi** is present in the field of alimentary plastic material and he has extended his range of products and services thanks to the acquisition of a partner, who since 15 years works plastic materials.

Our partner activity with our control organisation of productive process, the investment in machineries always new (work centres and lathes) and our staff experience in complex processing allow the creation of the Machine Workshop specialized in processing , production and sale of the final product.

Euroceppi is the ideal partner for all the customers who need mechanical processing of plastic materials

Euroceppi has lots of materials and processing techniques and for this reason he is able to realized small and big quantities.

| PLSTIC MATERIALS | | | Examples |
|-----------------------------|-----------|------|----------|
| Name | Formula | Ps | |
| AKULON 6 | PA 6 | 1,14 | |
| AKULON GX | PA 66.6 | 1,15 | |
| AKULON 66 | PA 66 | 1,15 | |
| AKULON GF | PA 6 + GF | 1,19 | |
| RILSAN | PA 11 | 1,04 | |
| OMNIAMID G-G + OIL -HR NERO | PA 6 GUSS | 1,14 | |
| POLIETERE IMMIDE | PEI | 1,27 | |
| ARNITE | PETP | 1,34 | |
| ACETALICA | POM | 1,42 | |
| TEFLON | PTFE | 2,30 | |
| FORAFLOX | PVDF | 1,78 | |
| MOPLON | P.P. | 0,95 | |
| POLIETILENE HD | P.E. 500 | 0,96 | |
| POLIETILENE H.M.W | P.E. 1000 | 0,96 | |
| POLIETERESULFONE | PES | 1,32 | |
| PVC | PVC | 1,42 | |
| RYTON | PPS | 1,60 | |
| NORYL | PPO | 1,06 | |
| LEXAN - MAKROLON | PC | 1,20 | |
| PLEXIGLAS | PMMA | 1,20 | |
| NOVODUR | ABS | 1,05 | |
